## The Declaration of Geneva (Modified)

---

At the time of being admitted as a member of the medical profession:  
I solemnly pledge myself to consecrate my life to the service of humanity;  
I will give to my teachers the respect and gratitude which is their due;  
I will practice my profession with conscience and dignity;  
The health of my patient will be my first consideration;  
I will respect the secrets which are confided in me;  
I will maintain, by all the means in my power, the honor and the noble  
traditions of the medical profession;  
I will not permit consideration of religion, nationality, race, party  
politics or social standing to intervene between my duty and my patient;  
I will maintain the utmost respect for human life, even under threat;  
I will not use my medical knowledge contrary to the laws of humanity;  
I make these promises solemnly, freely, and upon my honor.
